

DataSheet

The trusted go-to brand for fire extinguishers in the UK, Commander offers a comprehensive range of fire extinguishers. Now PFAS free across the entire range, time has proven the Commander range of fire extinguishers as a dependable choice for almost any situation – with reliable performance guaranteed.

POWDER FIRE EXTINGUISHERS

Powder fire extinguishers are extremely versatile. Suitable for use on Class A (combustible materials), Class B (flammable liquids) in open spaces, and Class C (flammable gases) fires, it's for this reason they're known as 'ABC' extinguishers. Powder fire extinguishers smother fires by producing a thick barrier between the fuel and the source of oxygen.

A powder fire extinguisher shouldn't be used in confined spaces because the powder can be easily inhaled. Boasting PFAS free contents, consider this extinguisher for premises including garage forecourts, commercial boiler rooms and workspaces that feature welding.

Technical Specification	FX-PWD-001-DCF	FX-PWD-002-DCF	FX-PWD-003-DCF
Capacity	1kg	2kg	3kg
Fire Rating	8A 34B C	13A 70B C	13A 89B C
Extinguishing Medium	ABC Powder	ABC Powder	ABC Powder
Working Pressure	14 bar @ 20°C	14 bar @ 20°C	14 bar @ 20°C
Temperature Range	-30°C to +60°C	-30°C to +60°C	-30°C to +60°C
Cylinder Material	Steel	Steel	Steel
Pressuring Gas	Nitrogen	Nitrogen	Nitrogen
